

Annex 1 - Feedback of participants D4.4

	1	2	3	4	5	6	7	8	9	10	11
Name	It was my first study tour	My main expectations	Expection met	To adopt NC ideas in Ukraine	Was translation enough?	Satisfied with the tour 1-5	Interesting part	Satisfied with the stuy tour organization 1-5	My recommendation for further stury tours	Interesting topics to discuss more	Food
Ivanova Nataliia	no	NC in EU, wetlands management, networking	almost in full, would love to see PLA in the South but the Hydro Electric plants compensated	ecoeducation, the policy of not intruding to the natural processes (do not cut all the trees after the forest fire)	wonderful, thank you	1	all excursion including the Hydroelectric Power Plants	1	everything is wonderful, could walk more	cooperation ith other countries in NC	
Karliukova Olena	yes	NC in EU, legislation,	yes, fully	NC and law are priority, NC and agriculture are in line with each other, laws work	enough	1	excursion, visit centres, interesting ideas to adopt in UA	1	administration organisation in presentation before the excirsion	interest in NC amonf population, NPA load	
Kolesnykova Kateryna	yes	networking, NC in CR	yes, even more than in full	hydro electro plants, fish ways	yes	1	hydro electro plants, fish ways	1	more such stury tours, with online lectures before the visit	environmental impact assessment, ecoinspection work	
Kosko Yuliia	yes	creating of NP, NC in Czechia	more than fully	government support in NC initiatives, financing, NC system generally	professional	1 thank you for comfort in hotels, authentic restaurants	excursions, balance in theoretical and practical parts of the program	1 very high level of organisation	more free time, more rest	work with locals, ecoeducation, communication strategies	very good
Marych Khrystyna	no	NC in Czechia, Birds and Habitat Directives implementation	yes, it was great to talk to czech colleagues working in the places we visited	visit centre, well developed materials for visitors to develop their ecointellect	enough	1	communication with real nc workers, the problems and perspectives of new NP creation	1	well done!	forestry legislation details	
Mulenko Mykhailo	yes	NC in CR, Natura 2000 legislation implementation	yes, more than expected	comprehensive position at all levels of the NC	had no complications	1	visiting PLA, communicating with people who work there	1	list of issues to be discussed before the excursion	applied research of biodiversity, primary control in folowing the NC restrictions in the area and the role of police in this	very good but sometimes too much
Ovsiienko Yana	yes	networking, Natura 2000	yes, almost fully	steppe management	super	1 super	steppe management using grazers, NP	2	more free time	more information on steppe management	
Petrovych Olesya	no	networking, how NC in Czechia works	yes, fully	agency, high professionalism	great	1	networking, excursions	1	less food more excursions and discussion	monitoring, ecoeducation, evaluating of nature conservation measures	
Romanenko Maryna	yes	NPA in CR, their management, recreation, networking	yes, more than expected	interest of government in NC, systematic approach, all employees are professionals	high level, pleasant communication	1	personal meetings, excursions in NPA	1	more time for visit centres	one day form NP rouine, species protection plans development and implementation, legislation of relationships, NP organisation	
Teslovych Mariana	no	networking	1000%, the tour exceeded all my expectation	detailed GIS of biotops	enough	1	everything was interesting	1	less varied menu	more information about the projects which can be a source of finance in Ukraine	I love Czech quisine
Tytykalo Roman	yes	creation, protection, legislation of NPA	expected more legal info, then organisation process, but still result exceeded the expectaions	agency, need to create such agency in Ukraine, large number of people involved in NC, deicision making on NC of the area without land owners agreement, communications with land owners	great	1	visit centres in NPA, military and ecology professionals cooperation, educating people about importance of NC	1	invite more decision makers, authorities, regional administration representative on duch tours to show them how things can work, because they make decisions, not ecologists or enthusiasts	Implementation of EU regulations into the national legislation of Ukraine in the area of ecology, legal regulation of this area in the Czech Republic, financing of ecology from the EU budget - grant programs, etc., waste management, river protection.
